**Instructions Relating to Landowners' Meeting  
of the Berry Bay Community Development District  
for the Election of Members of the Board of Supervisors**

**Date:** Thursday, November 5, 2026  
**Time:** 2:00 p.m.  
**Location:** Offices of Inframark  
2005 Pan Am Circle, Suite 300  
Tampa, Florida 33607

Pursuant to Chapter 190, Florida Statutes, and after a community development district (“**District**”) has been established and the landowners have held their initial election, there shall be subsequent landowners’ meeting for the purpose of electing members of the Board of Supervisors of the District (“**Board**”) every 2 years until the District qualifies to have its board members elected by the qualified electors of the District. The following instructions on how all landowners may participate in the election are intended to comply with Section 190.006(2)(b), Florida Statutes.

A landowner within the District may vote in person at the landowners’ meeting or the landowner may nominate a proxy holder to vote in person at the meeting in place of the landowner. Landowners or proxy holders need to bring a government issued ID for verification purposes.

Whether in person or by proxy, each landowner shall be entitled to cast 1 vote per un-platted acre of land owned by him or her and located within the District, for each seat on the Board that is open for election for the upcoming term. A fraction of an acre shall be treated as 1 acre, entitling the landowner to 1 vote with respect thereto. Please note that a particular parcel of real property is entitled to only 1 vote for each eligible acre of land or fraction thereof; therefore, 2 or more people who own real property in common, that is 1 acre or less, are together entitled to only 1 vote for that real property. Platted lots shall be counted individually and entitled to 1 vote. The acreage of platted lots shall not be aggregated for determining the number of voting units held by a landowner or a landowner’s proxy.

At the landowners’ meeting, the landowners will elect a chair to conduct the meeting. The meeting chair can be any person present at the meeting and does not need to be a landowner. If the meeting chair is a landowner or proxy holder of a landowner, they may also nominate candidates, make or second motions, and participate in the voting process. Candidates must be nominated and then shall be elected by a vote of the landowners. Mailed in ballots or proxies are not accepted because the landowners or proxy holders nominate candidates first for each seat in the election and then the ballots are casted. Furthermore, the District does not have the ability to verify the signatures of mailed in ballots or request clarification if there is an issue with any ballot or proxy.

This year, one seat on the Board will be up for election by landowners. The candidate receiving the highest number of votes will receive a 4-year term. The term of office for the successful candidate shall commence upon election on November 5, 2026.

A proxy is available upon request. To be valid, each proxy must be signed by 1 of the legal owners of the property for which the vote is cast and must contain the typed or printed name of the individual who signed the proxy; the street address, legal description of the property, or tax parcel identification number; and the number of authorized votes. If the proxy authorizes more than 1 vote, each property must be listed and the number of un-platted acres of each property must be included. The signature on a proxy does not need to be notarized. Electronic signatures are not accepted because the integrity and security control processes required by Sections 668.001-.006, Florida Statutes are not feasible for the District at this time.

### Important contact details

**Lost/Stolen Card?** Please call us immediately at 844-487-8478 to report any loss, theft, or suspected or actual Unauthorized Use of Card or Account.

**Address Change?** Call us at 844-487-8478

Page 2 of 4

Billing cycle 10/03/25 - 11/02/25

Account number ending in 1411

### Making payments

You must pay the Minimum Payment each month by the Payment Due Date. You may make payments on the Account in any of the following ways:

- At any Truist branch during normal business hours.
- By calling the Truist Contact Center at 844-4TRUIST (844-487-8478).
- By using Truist Online Banking.
- By mail at the address listed on the payment coupon on the front of this statement - please allow at least five (5) business days for delivery.

Payments that Truist receives prior to midnight ET through Truist Online Banking, a Truist branch, or by phone or mail at the address shown on the front of your statement will be credited as of the date received.

**Any failure to comply with the following instructions may cause your payment to be delayed. This delay may result in additional charges and possible suspension/closure (or all of these) of the Account.**

- Payment must be in U.S. dollars, but not in cash unless the payment is made at a Truist branch.
- Payment must come from a U.S. deposit account or cashier's check drawn on a U.S. financial institution.
- Payment must not include restrictive language (e.g., "payment in full") or other language attached to the payment; Truist may accept any payment with restrictive language without losing our rights.
- Payment cannot come from a credit account that Truist provides you (e.g., a Convenience Check, Cash Advance, or Balance Transfer made on this Account).
- Payment in a paper form (such as a check, money order, or cashier's check) must include the payment coupon from the Statement or have the Account number (or Cardholder Account number, if applicable) written on the payment.

### Authorization to convert your check to an electronic transfer debit

When you provide a check as payment, you authorize us to use information from your check to make a one-time electronic fund transfer from your account. In certain circumstances, such as for technical or processing reasons, we may process your payment as a check transaction. When we use information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as the same day we receive your payment, and you will not receive your check back from your financial institution.

### Calculating interest charges

**To calculate the Average Daily Balance on your Account:** Truist adds the outstanding daily Balance (including new Transactions) and periodic interest charges, fees, and unpaid interest charges while deducting payments and credits; this is done for each Transaction type (e.g., Purchases, Balance Transfers, Cash Advances) for each day in the Billing Cycle.

We may make additional adjustments, as appropriate, subject to applicable law (e.g., when a Transaction is disputed). This gives us the daily Balance for each Transaction type. Truist then adds all of the daily Balances for each separate Transaction type on the Account for each day of the Billing Cycle and divides that total amount by the number of days in the Billing Cycle. This results in the Average Daily Balance for each Transaction type for the Billing Cycle. This amount(s) appears on the reverse side in the column headed "Balance Subject to Interest Rate".

**To calculate the Finance Charges on your Account:** Truist first determines the Daily Periodic Rate (DPR) for each Transaction type by taking the applicable APR and dividing it by 365 (366 days during leap year). Truist then multiplies the Average Daily Balance for each Transaction type by the number of days in the Billing Cycle and the resulting figure by the DPR for that Transaction type (Average Daily Balance x # of days in Billing Cycle x DPR). We then total all of the interest charges for each Transaction type. This is the total interest charge for the Billing Cycle.

### If you see an error on your statement or wish to dispute a charge

If you see an error, wish to dispute a charge, or if you need more information about a transaction on your bill, write us at Truist Bank, P.O. Box 819, Wilson, NC 27894-0819. Your dispute must be submitted no later than 60 days after we sent you the first bill on which the error or problem appeared. You may also submit a dispute by calling 844-4TRUIST (844-487-8478).

In your letter, give us the following information:

- Account Information: Your name and account number
- Dollar Amount: The dollar amount of the suspected error.
- Description of Problem: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

### Sharing of information

Truist may, to the extent and in the manner permitted by applicable law, communicate information about Truist's experiences and Transactions with you to credit bureaus, Truist's affiliates, and others who may properly receive that information. Truist only reports Business Credit to Business Bureaus. A complete copy of the Truist Privacy Policy is available at Truist.com or by calling 844-4TRUIST (844-487-8478).

Clarifications

## Invoice

1. Finish grade and topsoil by others. All landscape materials to be installed in areas filled and graded to +/- 1/10th of a foot of finish grade by others, with proper drainage already established. Topsoil and roto-tilling is not included in our proposal for any areas of this project. NOT RESPONSIBLE for final grade and any site grading or debris removal will be billed at a 55\$ hourly per man rate if asked to perform plus equipment fee. Root grinding to be done by others if needed. If site is not ready on the agreed start date a trip charge of 250\$ minimum will be applied or additional cost if contractor requests us to take care of it.
2. Sod and turf totals are approximate. Field measurements will be used at the close of the project to determine the exact amounts used and the price will be adjusted accordingly. There is no warranty for sod. It is recommended to hire a chemically licensed spray and maintenance company to keep healthy.
3. Trees, sod, and plant material without automated irrigation cannot be warranted. 60 day warranty from installation date for dead plants if maintained by us or qualified companies. Not liable for plants per plans that have not taken into account environmental liabilities such as poor site soil conditions and sunlight or shade requirements needed.
4. Clean up of site limited to debris and waste generated by this contractor only.
5. If existing Irrigation System, Controller, or Water Source is not operational, available, or adequate for full coverage of new landscaping, additional costs will incur to upgrade system or if hand watering is needed until system is in place.
6. Trees, sod, and plant material exposed to frost and/or freezing conditions cannot be guaranteed.
7. Proposal is based on quantities shown graphically on the plans.
8. This proposal is based on quantities indicated on the Plant List on landscape plans. Quantities indicated on the Plant List may differ from actual quantities shown on the landscape plans. If Plan quantity is different we will need to adjust our final invoice to reflect those differences (plus or minus) using same unit prices. If plans contain material not listed in Plant List we will need to adjust our invoice accordingly.
9. All plants, trees, sod, etc. required for this job are subject to market availability and due to high demand may result in smaller sizes or may not be available.
10. Relocated trees carry no guarantee whatsoever as to survivability. We will take all reasonable, horticulturally acceptable measures to help assure the successful transplanting of plant materials. Large trees must have access for a tree spade or a boom truck at original location and at the final location as well.
11. If extraneous or deleterious materials or conditions detrimental to plant growth or installation of any material are encountered, an on-site review will be done, and the General Contractor, Owner's Representative, or Owner notified of recommendations and the additional costs involved for remedial actions.
12. Customer is solely responsible for all underground obstructions, including without limitation utility & communication lines, lime rock, and construction debris. Coastal Outdoor reserves the right to pass on to the Customer any additional actual costs it incurs if unusual or unanticipated ground conditions such as rock formations or other underground obstructions impede the installation contemplated under this proposal.
13. The Owner shall properly maintain landscaping after installation completion in order to maintain unobstructed visibility for pedestrians and vehicles and keep plants and sod healthy and alive.
14. These notes become part of any contract or agreement entered into unless specific exceptions are made in writing stating otherwise, adding to or deleting from scope of work.
15. Watering Restrictions: Coastal Outdoor is bound by local water restrictions which may in fact result in irreparable stress and /or demise of landscape plant material and turf. Coastal Outdoor cannot be held responsible for long or short term drought related stress, damage, or demise of landscape plant material and turf with regards to restricted irrigation regulations over which Coastal Outdoor has no direct control.
16. Utilities: 3-5 business days are required to obtain mark out of underground utilities prior to work commencement (811 Locate Service).
